

The diagram shows a technical drawing of a metal plate. It consists of a main rectangular body with a U-shaped notch at the bottom center. A gusset, which is a triangular piece, is attached to the right side of the main body, extending downwards. The drawing includes dimension lines and text specifying the plate size, finished size, and gusset thickness.

Flate size : 400 x 297 mm
Finished size : 155 x 218 mm
Gusset : 5 mm
